# ABOUT GM-TECH

Since 2008, GM-TECH Auto Care has been a business division of Chemway Sdn Bhd, a company incorporated in 1982 for the manufacture and sales of construction and hardware chemicals, cleaning agents for household use, and with setting up of the GM-TECH Auto Care business division, car-care products.

Although initial entries into this segment of the automotive industry looked to German technologies in car-care, yet local conditions, consumer tastes and tropical environments caused us to develop our own research and product development to craft out what we now proudly present as an extensive range of car-care products well adapted to a broad diversity of market demands and operating conditions.

From manufacturing to distribution, sales and professional services, we are able to meet all auto-grooming and detailing needs and offer up to 100 products covering compounds formulated for different body-paint surfaces, refinishing products such as polishes, glazes, coatings, waxes and sealants as well as car washes, degreasers, cleaners, interior care, leather cleaners, conditioners and much more. We offer a one-stop solution service to answer to the needs of the many players operating in the automobile and grooming industry.

# CHEMICAL, EXTERIOR CLEANERS

Detailing chemicals play a vital role in ensuring a thorough detailing process.

GM-TECH Auto Care offers a range of high-quality solutions, including shampoos, cleaners, and chemical degreasers, catering to professional detailers, body and paint technicians, as well as enthusiasts.

## HIGH FOAM SHAMPOO

**SKU: GM-HFCS-4L / GM-HFCS-10L**

**Size: 4L / 10L**

GM-TECH High Foam Concentrate Shampoo is a pH-balanced car foam product specifically created for Snow Foaming Tanks. This shampoo is gentle on the skin and user-friendly, as it avoids harsh chemicals that could harm the vehicle's paintwork or coating.

Users benefit from GM-TECH High Foam Concentrate Shampoo due to its cost-effectiveness and the minimal amount required to produce a thick, creamy foam for washing. It ensures a glossy, clean finish without any water streaks.

Dilution up to 1:333

## WASH & SHINE SHAMPOO CONDITIONER

**SKU: GM10-250ML / GM10-473ML / GM1004-WSSC / GM1018-WSSC**

**Size: 250ML / 473ML / 4L / 18L**

GM-TECH Wash and Shine Shampoo (WSSC) is designed as a pH-balanced car wash shampoo to effectively and safely cleanse your vehicle by eliminating dust, dirt, and grime without stripping the car's paintwork, leaving a streak-free shine.

It is suitable for all paint finishes, including metallic and 2K paintwork. The formula includes a special blend of surfactants and conditioners to boost the gloss of the paint surface and uphold the vehicle's cleanliness for extended periods.

Dilution up to 1:100

## CAR SHAMPOO 150

**SKU: GM-CS150**

**Size: 20L**

GM-TECH Car Shampoo 150 is an economical wash shampoo that cleans your vehicle by removing dust, dirt and grime without any harsh chemical or solvents that can damage the paint. Safe for all paint finishes, including metallic and 2k paintwork.

## MULTI PURPOSE 18

**SKU: GM-MP-4L / GM-MP-20L**

**Size: 4L / 20L**

GM-TECH Multi Purpose 18 is a concentrated All Purpose Cleaner formulated to eliminate various types of dirt falls under the category of a light-to-medium degreaser. Safe to use on various surfaces such as interiors, carpets, mats, plastics, as well as exteriors like metals, tires, wheels and paint.

GM-TECH Multi-Purpose Cleaner is infused with a scented detergent fragrance, enhancing the working environment for both detailers and users of the products.

Dilution up to 1:10

## DEGREASER DEG-1

**SKU: GM-DEG 1(4) / GM-DEG 1(10) / GM-DEG 1 (20)**

**Size: 4L / 10L / 20L**

GM-TECH Degreaser DEG-1 is designed to efficiently remove grease, oil, wax or any organic residues without harming surfaces like harsh soda-based components on the market.

GM-TECH Degreaser DEG-1 provides a peace of mind for professional detailers and users by minimizing the risk of surface damage during use.

Dilution up to 1:10

## TAR & MULTI SPOT REMOVER

**SKU: GM-TSMR(0)4L / GM-TSMR(0)18L / GM-TSMR(0)20L**

**Size: 4L / 18L / 20L**

GM-TECH Tar & Multi Spot Remover is a versatile solvent designed to effectively eliminate bug residue, adhesive, asphalt, and tar from painted surfaces with swift action. Removing tar stains or asphalt can be challenging without the right cleaners. With GM-TECH Tar & Multi Spot Remover, these products can break down the tar, simplifying its removal with a damp cloth afterward. Additionally, it can also get rid of other stains like bugs, tree saps, bird droppings, or sticky residue from stickers.

## SPRAY & WIPE – WATERLESS CLEANER

SKU: GM-S&W-250ML / GM-S&W-500ML /  
GM-S&W-4L / GM-S&W-20L

Size: 250ML / 500ML / 4L / 20L

GM-Tech Spray & Wipe is a pH-balanced express wash cleaner designed to clean both the interior and exterior of your car. It effectively removes light dirt and dust without the need for water. Infused with polymer sealants, it enhances the shine, providing a smooth finish with excellent water and dust repellent properties. Perfect for user in areas with limited water access, this product leaves no wet residue behind.

## GLASS / WINDSCREEN CLEANER CONCENTRATED

SKU: GM-GWCC-4L

Size: 4L

## WATER MARKS REMOVER

SKU: GM1332

Size: 1L

## CLEANSER / SURFACE COATING PREP

SKU: GM-D1L

Size: 1L

# TYRES & WHEEL CARE

GM-TECH Auto Care offers a range of vital products for tire and wheel maintenance.

Whether you need to tackle tough dirt on your wheels or achieve a flawless shine on your tires, our carefully chosen collection guarantees excellent outcomes for professionals and enthusiasts. Uncover the key to keeping your tires and wheels in top condition.

## WHEEL X CLEANER – IRON REMOVER

SKU: GM-IXWC-250ML / GM-IXWC-500ML /  
GM-IXWC-4L

Size: 250ML / 500ML / 4L

The GM-TECH Wheel X Cleaner is designed to efficiently eliminate iron deposits caused by brake dust and dirt buildup on wheels, without the need for rigorous scrubbing. With a neutral pH balance of 7, it is safe for surfaces and will exhibit a purple reaction when reacting with iron deposits on wheels. By effectively eliminating these deposits, the cleaner restores a brilliant shine to the wheel surface.

Dilution up to 1:1

## LUSTRE TYRE GEL

SKU: GM LTG-250ML / GM LTG-500ML

Size: 250ML / 500ML

The GM-TECH Lustre Tyre Gel contains advanced silicone polymers designed to offer extended gloss protection against UV damage and tire discoloration, lasting for weeks. Using a gel-type tire dressing helps minimize product wastage and ensures a uniform, lasting high-gloss finish.

## TIRE NEW BLACK LUSTRE

SKU: GM144K / GM1418  
Size: 4KG / 18L

## TYRE SHINE TS-40

SKU: GM-TS-40-4L /  
GM-TS-40-18L /  
GM-TS-40-20L

Size: 4L / 18L / 20L

## TYRE SHINE TS-25

SKU: GM-TS-25-18L /  
GM-TS-25-20L

Size: 18L/20L

## TYRE WAX HV20

SKU: GM-HV20  
Size: 20KG

# PAINTWORK & EXTERIOR CARE

GM-TECH Auto Care provides a range of products for paintwork and exterior maintenance. From spray waxes to paint sealants, plastic trim coatings, and glass window treatments, GM-TECH offers users the functionality necessary for the job at hand, making maintenance easier and enhancing the beauty and durability of your vehicle's exterior.

# PAINTWORK PROTECTION

## NANO SHIELD PLUS – CONCENTRATED

SKU: GM-NSP-4L / GM-NSP-10L

Size: 4L & 10L

GM-TECH Nano Shield Plus is a touchless water wax designed to be used immediately after washing your vehicle while the surface is still wet. Simply spray it on the surface and rinse off with water to activate the water wax, saving time during application and making cleaning easier when drying. Nano Shield Plus helps keep your vehicle cleaner and prevents dirt from adhering to the surface. It is safe to use on all surfaces including glass, plastic, and matte or satin finishes.

Dilution up to 1:1

Durability up to 3 weeks

## WATER SHIELD – READY TO USE

SKU: GM-WS-RTU4 /  
GM-WS-RTU10

Size: 4L & 10L

Durability up to  
3 weeks

## SPRAY WAX – QUICK GLOSS

SKU: GM-SW-500ML /  
GM-SW-2L

Size: 500ML & 2L

Durability up to  
3 weeks

## DAZZLING SAPPHIRE COAT – CLEANER WAX

SKU: GM-DSC 05L /  
GM-DSC 4L

Size: 500ML & 4L

Durability up to  
2 months

## CERAMIC SPRAY COATING

SKU: GM-CSC-500ML / GM-CSC-2L

Size: 500ML & 2L

GM-TECH Ceramic Spray Coating contains a SiO<sub>2</sub> polymer coating designed to enhance gloss and ensure extended protection than normal spray waxes. The innovative formula can conceal fine scratches and enhance surface smoothness, while delivering durable superhydrophobic performance, leaving a spotless dry exterior even in the most extreme weather conditions.

Durability up to 2 months

# PAINTWORK PROTECTION

## HITECH WAX PASTE

SKU: GM09-300

Size: 300g

Durability up to 3 months

## EWIG GLANZ COATING WAX

SKU: GM-EGW-300P

Size: 300g

Our top-tier wax, GM-TECH Ewig Glanz Wax, stands out with its advanced formula incorporating polymer sealants. This wax is designed to endure various weather conditions and acid rains, offering superior longevity compared to traditional carnauba waxes. GM-TECH Ewig Glanz delivers a deep gloss, exceptional water repellency, and impressive beading effect. It is compatible with all paintwork finishes, including metallic and 2k paintwork.

Durability up to 4 months

## NANO COATING WIPE

SKU: NCW-250

Size: 250ML

GM-TECH Nano Coating Wipe is a fluoropolymer coating suitable for owners seeking easy maintenance, beautiful shine, and desired paint protection. This gentle coating provides an exceptionally high gloss surface with a 94-gloss rating, outstanding hydrophobicity resulting in a 110° water beading angle, restoration of original color and gloss on dull oxidized surfaces, reduced cleaning time, enhanced UV protection, and easy buffing off.

For optimal results, apply the coating to a polished surface, then ensure all substances or residues are wiped clean.

Durability up to 6 months

# OTHER SURFACE PROTECTION

## PLASTIC RESTORER COATING

SKU: GM-PRC-100ML / GM-PRC-473ML

Size: 100ml & 473ML

The GM-TECH Plastic Restorer Coating is designed to revitalize faded exterior trims caused by UV exposure that deteriorates the protective layer. This product offers the advantage of not staining paint surfaces or hands easily. It can be easily wiped off with a towel as it primarily adheres to plastic trims, providing long-lasting durability for months.

Durability up to 3 months

## ENGINE COATING

SKU: GM-EC-500ML / GM-EC-4L

Size: 500ML & 4L

GM-TECH Engine Coating is a water-based formula designed to shield the engine bay from external dirt and grit. This coating will create a glossy film on plastic and rubber surfaces, serving as a protective barrier with dust repellent and anti-static properties.

Durability up to 3 months

## HYDROPHOBIC GLASS COATING

SKU: HGC-100

Size: 100ML

GM-TECH Hydrophobic Glass Coating repels water while driving, eliminating the need for wipers on your windshield. This coating enhances hydrophobicity, forming water beads at 110° angles, ensuring clear visibility for drivers in rainy conditions.

Durability up to 3 months

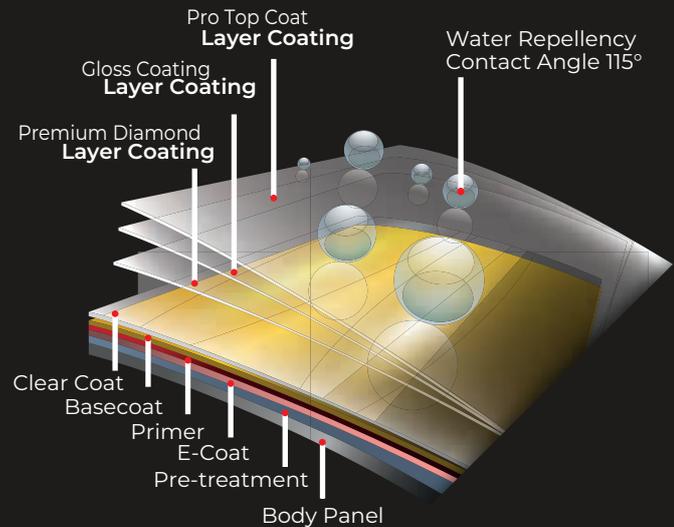

# PREMIUM CLASS COATING SERIES

GM-TECH Premium Class Coatings are advanced ceramic coating solutions that provide long-lasting protection and enhance the appearance of vehicles. Unlike wax or paint sealants that may lose their shine over time, GM-TECH Premium Class Coatings maintain its lustre for years on vehicles - preserving and enhancing its beauty.

# UNDERSTANDING PREMIUM DIAMOND COATING & PRO TOP COAT

Ceramic Coatings consists of 2 different types of coatings i.e., Base Coat and Top Coat. The Base Coat is the foundation coat which has higher % content of Silicon Dioxide (SiO<sub>2</sub>) that bonds with the surface to create a semi-permanent protective barrier against minor scratches, UV rays, and chemical stains. Premium Diamond Coating offers hardness on the paint surface, added gloss, hydrophobic and surface smoothness. Pro Top Coat enhances the while having lesser % content of SiO<sub>2</sub> - introduces additional formula that enhances glossiness, hydrophobicity and surface smoothness and reduces waterspot issues.

Although both products can be used as a standalone product. The combination of Premium Diamond Coating & Pro Top Coat offers the best of both benefits - protection and aesthetics.

## PRO TOP COAT

SKU: PTC-30

Size: 30ML

GM-TECH Pro Top Coating is a 1-layer formulation that can be used as standalone or as an extra layer of protection on your car after using GM-TECH Premium Diamond Coating. Essentially reduces the formation of water marks on your car and ensures that your car's paintwork will be protected from weather elements.

- 7H Ceramic Coating
- Easy, Smooth & Consistent Application
- 12+ months protection
- Water contact angle > 110°
- Easy Maintenance
- Matte & Gloss Paintwork Safe - PPF & Vinyl Safe

## PREMIUM DIAMOND COATING

SKU: PDC-15

Size: 15ML x2

GM-TECH Premium Diamond Coating is a high solid quartz that offers superior protection against chemicals, micro-marring and UV protection that can last up to 3 years. Proprietary blend that offers added reflective finish on paintwork with hydrophobicity for ease of cleanliness.

- 9H Ceramic Coating
- Easy, Smooth & Consistent Application
- 24-36 months protection
- Water contact angle > 95°
- Superior Protection
- Suitable for Gloss Paintwork Surfaces

A detailed view of the interior of a Volkswagen car. The steering wheel is prominent in the foreground, featuring the VW logo and 'AIRBAG' text. Behind it, the instrument cluster shows a digital display with '16:23' and '0' on the odometer. The center console has a touchscreen display showing 'Device not connected.' and various control buttons. The gear shift is visible in the lower right. The background shows a blurred street scene with a fence and trees.

# INTERIOR CLEANERS & CARE

When it comes to interior care, GM-TECH offers premium solutions for leather, UV protection for plastic and PVC materials, fabric cleaning solutions, and deodorizing fogging products to keep your vehicle's interior looking and smelling fresh.

## LEATHER CARE

### LEATHER SAFE CLEANER

SKU: GM11-500ML / GM1101

Size: 500ML & 4L

GM-TECH's Leather Safe Cleaner removes dirt and grime on leather surfaces like seats, dashboard and arm rest in the car without removing their natural oil. Suitable for other materials such as PVC or plastic materials in car interior. Ideal for leather treatment with GM-TECH Leather Safe Conditioner and interior surface cleaning before using GM-TECH Natural Shine Protection Wipe.

### LEATHER SOFT CONDITIONER

SKU: GM-LSC-473ML / GM-LSC-4L

Size: 473ML & 4L

GM-TECH Leather Soft Conditioner is formulated with premium grade of concentrated pure lanolin and natural waxes to rejuvenate leather surfaces. It protects leather from hardening, discoloring and cracking due to UV damages as it gives a smooth and supple feel without tackiness.

Durability up to 3 months

## OTHER SURFACE PROTECTION

### NATURAL SHINE PROTECTION WIPE

SKU: GM-NSPW-500ML / GM-NSPW-4L / GM-NSPW-20L

Size: 500ML / 4L / 20L

GM-TECH Natural Shine Protection Wipes is formulated to protect interior surfaces such as plastic, dashboard and PVC from fading or cracking due to UV damages. A superb non-greasy conditioner that helps remove dirt and stains from the surface and leave a shiny finish.

Durability up to 3 months

# INTERIOR SOLUTION

## INTERIOR AIR FRESH CONCENTRATE

SKU: GM-100-519B  
Size: 4L

## FABRIC CLEANER CONCENTRATE

SKU: GM1701  
Size: 4L

## AIR FRESH DEODORIZER - NANO MIST DISINFECTANT

SKU: GM-AFD-100ML / GM-AFD-500ML /  
GM-DOE-1L / GM-DOE-2L / GM-DOE-4L

Size: 100ML / 500ML / 1L / 2L

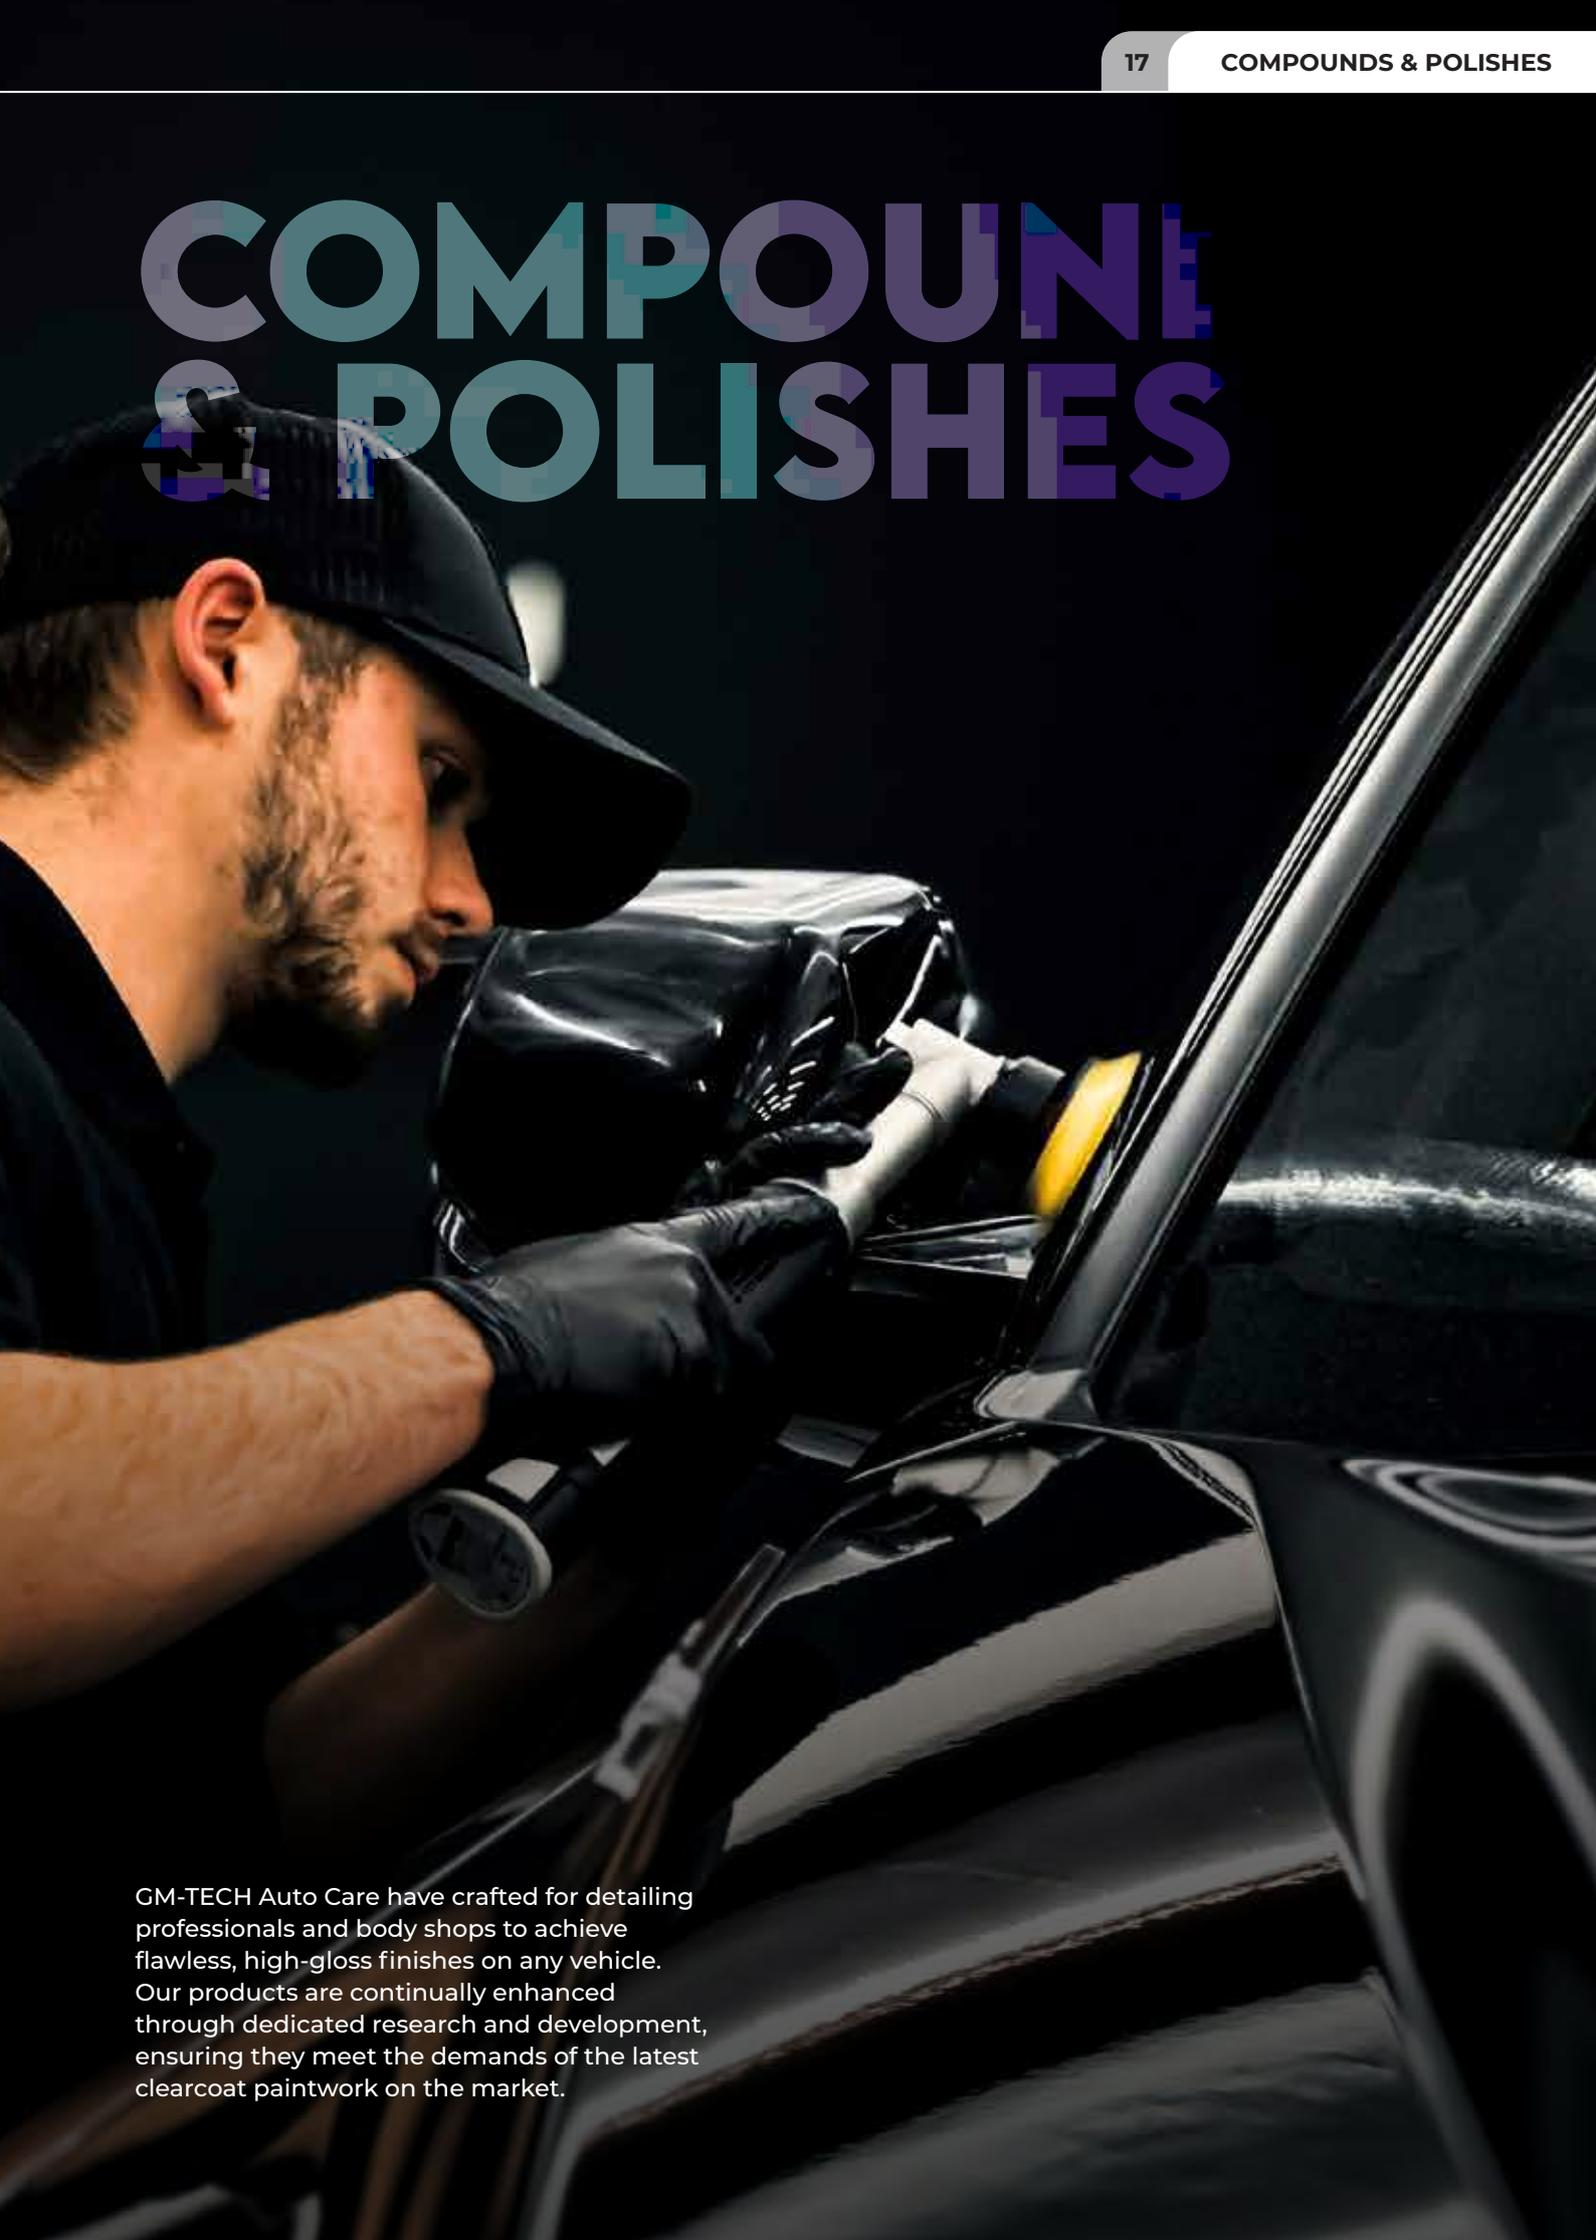

GM-TECH Air Fresh Deodorizer contains active ingredients such as Benzalkonium Chloride which is responsible in eliminating bacteria, germs and viruses. Laboratory tested by SIRM and SGS. Can use for Automotive Detailing Cars , Office and Home use. 500ML can use up 40-50 cars.

Available in various scented flavors:

- Original Lemon
- Lavender Love
- Green Apple
- Lemongrass
- Fruity-Fruity

# COMPOUND & POLISHES

GM-TECH Auto Care have crafted for detailing professionals and body shops to achieve flawless, high-gloss finishes on any vehicle. Our products are continually enhanced through dedicated research and development, ensuring they meet the demands of the latest clearcoat paintwork on the market.

# DETAILING POLISHING

## I. M-SERIES

GM-TECH M-Series selected polish compounds that cater to specific paint defects and clearcoat sensitivity. This allows greater work efficiency in polishing and resulting desired gloss finish.

### LIQUID FOAM CUT 1101

SKU: M1101-1L / M1101-4L

Size: 1L / 4L

Heavy Cut & Heavy Swirl Remover

GM-TECH Liquid Foam Cut 1101 allows fast and effective removal of heavy scratches, oxidation and #1500 grit or finer sand marks. A high cut compound that brings out glossiness upon usage with noticeable enhanced reflective paint finish.

### ULTRA PERFORMANCE POLISH 1103

SKU: M1103-300ML / M1103-1L / M1103-4L

Size: 300ML / 1L / 4L

Medium Cut & Swirl Remover

GM-TECH Ultra Performance Polish 1103 eliminates scratches, light oxidation and fine sand grit marks. A medium cut compound that brings a balanced cutting and glossiness upon usage with noticeable enhanced reflective paint finish.

### ULTRA CUT PLUS 1105

SKU: M1105-300ML / M1105-1L / M1105-4L

Size: 300ML / 1L / 4L

Medium-Light Cut & Swirl Remover

GM-TECH Ultra Performance Polish 1105 eliminates scratches, light oxidation and fine sand grit marks and offers better finishing polishing on softer paint. A medium-light cut compound that brings a balanced cutting and glossiness upon usage with noticeable enhanced reflective paint finish.

# DETAILING POLISHING

## ULTRA FINISH GLAZE 1205

SKU: M1205-300ML / M1205-1L / M1205-4L

Size: 300ML / 1L / 4L

### Finishing Glaze

GM-TECH Ultra Finish Glaze 1205 eliminates light scratches, light swirl marks or holograms. A light cut glaze compound that brings glossiness upon usage with noticeable enhanced reflective paint finish and as last surface preparation before applying sealant or wax on the paintwork.

## ALL FOR ONE – RECONDITIONING POLISH & PROTECTION

SKU: GM-AIO(PINK)-300ML / GM-AIO(PINK)-1L /  
GM-AIO(PINK)-4L

Size: 300ML / 1L / 4L

### One Step Polish & Seal

GM-TECH Reconditioning Polish & Protection is simple All-in-One where essentially a combination of a polish and a sealant. Capable of addressing paint defects such as oxidation and minor scratches and swirls and provide gloss and protection from the sealant - hence making it a simple One Step Polish & Protection

# DETAILING POLISHING

## II. INFINITY-SERIES

Polishing efficiency is what professionals and detailers would want. Infinity Series were made to cater for a high refining polishing process with heavy defect removal yet leave a great desired finish result without leaving more paint defects. One Infinity - Multiple Pads selection.

### INFINITY 8.0

**SKU: GM-IF 8.0 (300GM) / GM-IF 8.0 (1KG)**

**Size: 300G & 1KG**

#### High Precision Cutting & Refinish

GM-TECH Infinity 8.0 allows fast and effective removal of heavy scratches, oxidation and #1200 grit or finer sand marks. A high cut compound that brings out glossiness upon usage with noticeable enhanced reflective paint finish and works effectively on refinish and hard scratch resistant clear paintwork.

### INFINITY 9.0

**SKU: GM-IF 9.0 (300GM) / GM-IF 9.0 (1KG)**

**Size: 300G & 1KG**

#### Hybrid Compound & Polish

GM-TECH Infinity 9.0 eliminates scratches, oxidation and fine sand grit marks. A hybrid compound that brings a balanced cutting and glossiness upon usage with noticeable enhanced reflective paint finish.

### HYBRID SOLUTION POLISH

**SKU: GM-HSP17-1L / GM-HSP17-4L**

**Size: 1L & 4L**

#### Refined Cut & Enhanced Gloss

GM-TECH Hybrid Solution Polish is engineered for effective cut and polish to produce enhanced finishing especially on soft or "sticky" paintwork - reduces the risk of surface hazing and product sticking while polishing.

# DETAILING POLISHING

## III. ABRASIVE CUTTING COMPOUND

### GM-1 FAST CUT

SKU: GM01-003K-FC / GM011K-FC / GM013K-FC  
Size: 300G / 1KG / 3KG

#### Non-Diminishing Compound Paste for Detailing.

GM-TECH Abrasive Cutting Compound GM-1 Fast Cut is a rubbing compound formulated for multiple usage for effective grooming shops. The GM-1 Fast Cut formulation provide fast cutting capabilities to remove #1500 sand grit marks, heavy scratches, paint oxidation, Water Spot and Acid Rain without requiring wet sanding. Can be used for Glass & Metal Polishing.

# BODY SHOP POLISHING

### ABRASIVE CUTTING COMPOUND GM-1 NEW SUPER CUT (NSC) EXTRA

SKU: GM01-003K-NSC-EZ / GM011K-NSC-EX /  
GM013K-NSC-EX

Size: 300G / 1KG / 3KG

### ABRASIVE CUTTING COMPOUND - GM-6

SKU: GM6-0.3K-EX /  
GM6-3K-EX

Size: 300G / 3KG

### ULTRA FINE POLISH 21

SKU: GM211K / GM214K

Size: 1L & 4L

# GM-TECH POLISHING PADS

In order to achieve the best results using GM-TECH Polishing Compounds, we have curated a selection of polishing pads that can be used with rotary or dual action polishers. Using hook & loop attachment, our pads can be easily removed and switched from the backing pad.

# LEVELING PADS

## JEANS PAD

SKU: DA-JP5

Size: 5-inch (125mm)

A coarse denim fabric material to allow polishing abrasives to work at its most aggressive cutting level and effectively remove heavy paint defects or paint leveling. Suitable for DA Polishers, can be used for Rotary.

Cut Level **HEAVY CUTTING**

## VELVET PAD 3" & 5"

SKU: DA-VP3 / DA-VP5

Size: 3-inch (75mm) / 5-inch (125mm)

A coarse corduroy fabric material that is similar to Jeans but suited on softer / sticky paint. Effectively remove heavy paint defects or paint leveling. Suitable for DA Polishers, can be used for Rotary.

Cut Level **HEAVY CUTTING**

## BUFFING PAD JEANS 3" & 6"

SKU: BPJ-3 / BPKJ-6

Size: 3-inch (75mm) / 6-inch (150mm)

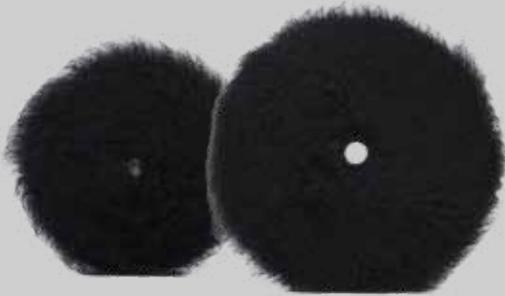

## BUFFING PAD VELVET 3" & 6"

SKU: BPV-3 / BPV-6

Size: 3-inch (75mm) / 6-inch (150mm)

## WOOL PADS

### BLACK WOOL PAD 3" & 5"

SKU: DA-BWP3 / DA-BWP5

Size: 3-inch (75mm) / 5-inch (125mm)

A coarse sheep wool material that allows polishing abrasive work at its cutting level with foam in the middle to act as buffer to reduce compound hazing and smooth handling. Effectively removes heavy to medium paint defects such as watermark etching, oxidation and heavy swirl marks. Suitable with DA & Rotary Polishers.

Cut Level **MEDIUM CUTTING**

### PURPLE WOOL PAD 3" & 5"

SKU: DA-PWP3 / DA-PWP5

Size: 3-inch (75mm) / 5-inch (125mm)

A softer sheep wool material than Black Wool Pad that allows polishing abrasive work at its cutting level with foam in the middle to act as buffer to reduce compound hazing and smooth handling. Effectively removes moderate paint defects such as watermark etching, oxidation and swirl marks. Suitable with DA & Rotary Polishers.

Cut Level **MEDIUM CUTTING**

### WOOL FELT POLISHING PAD 1" / 2" / 3" & 5"

SKU: WFP1 / WFP2 / WFP3 / WFP5

Size: 1-inch (25mm) / 2-inch (50mm) /  
3-inch (75mm) / 5-inch (125mm)

# FOAM PADS

## MAROON POLISHING PAD 3" & 5"

SKU: DA-MPP3 / DA-MPP5

Size: 3-inch (75mm) / 5-inch (125mm)

A beveled shape foam pad that is designed to work with polishing compounds and AIOs to remove swirl marks, holograms, DA haze as well as light oxidized layers. Able to achieve finishing step with high or medium solid clear coats. Suitable with DA & Rotary Polisher

Cut Level **POLISHING**

## ORANGE FINISHING PAD 3" & 5"

SKU: DA-Ofp3 / DA-Ofp5

Size: 3-inch (75mm) / 5-inch (125mm)

A beveled shaped foam pad that is designed to work with polishing compounds and glazes to remove fine swirl marks, holograms, DA haze that can be present on softer / sticky paint. Can be used to apply waxes or sealants. Suitable with DA & Rotary Polisher

Cut Level **FINISHING**

# TOOLS & ACCESSORIES

From polishing machines to buffing towels and brushes, these tools are needed to achieve the best results in detailing. Tools are needed to assist detailers by allowing them to be more efficient and save time.

# POLISHER MACHINES

## DA-EZ-21 5'' DA POLISHER

|                         |             |

# POLISHER MACHINES

## CORDLESS NANO POLISHER

|                          |                         |
|--------------------------|-------------------------|
| Backing Pad (mm - inch)  | 30mm - 1.2" / 50mm - 2" |
| Orbit (mm)               | 9                       |
| Speed (R.P.M)            | 2000 - 5000             |
| Weight (kg)              | 1,2                     |
| Power (Volt - Amp Hours) | 12V 2.0Ah               |
| Function (Mode)          | Rotary & DA             |

## CORDLESS NANO POLISHER FLX

|                          |  |
|--------------------------|--|
| Backing Pad (mm - inch)  | 30mm - 1.2" / 50mm - 2" /<br>75mm - 3" |
| Orbit (mm)               | 8/12                                   |
| Speed (R.P.M)            | 2000 - 5800                            |
| Weight (kg)              | 1,2                                    |
| Power (Volt - Amp Hours) | 12V 2.0Ah                              |
| Function (Mode)          | Rotary & DA                            |

## PNEUMATIC TOOLS

**TORNADO  
AIR GUN BLOWER**

SKU: ISPJ

**IRON SHAPE  
JITTERBUG  
SANDER**

SKU: TAGB

## BACKING PLATES

**ROTARY M14 BACKING  
PLATE 5" & 6"**

SKU: 123F-14 / 5914-140-M14

Size: 5-inch (123mm) / 6-inch (140mm)

**DA BACKING PLATE 5"**

SKU: DA-SP009

Size: 5-inch (125mm)

**DA BACKING PLATE 3"**

SKU: DA-SP020

Size: 3-inch (75mm)

**NANO POLISHER BACKING  
PLATE 1" & 2"**

SKU: NP-BP-1 / NP-BP-2

Size: 1-inch (25mm) / 2-inch (50mm)

## APPLICATOR PADS & SPONGE

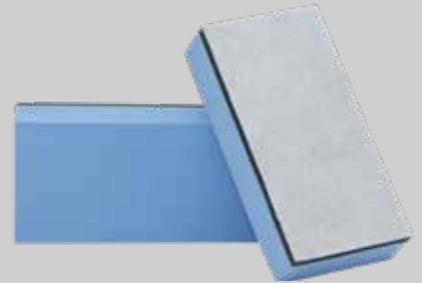

### YELLOW SPONGE APPLICATOR

SKU: YSA-3R

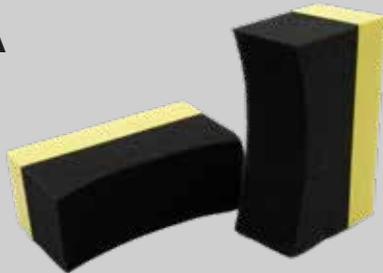

### COATING APPLICATOR SPONGE

SKU: CS

### YELLOW BLACK TYRE APPLICATOR

SKU: GM-YBTA

### WHEEL SHINE APPLICATOR

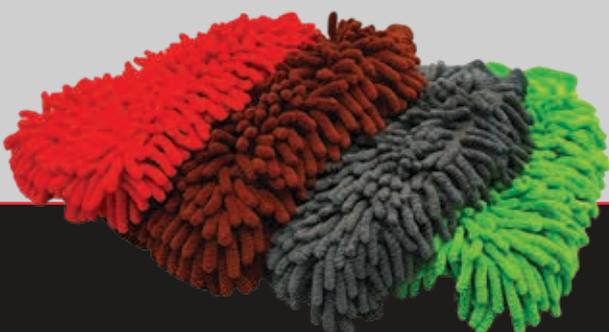

SKU: WSA-1

## WASH MITT & MICRO FIBRE CLOTH

### MICRO CHENILLE WASH MITT

SKU: MCWM-15-21

### MICRO FIBRE LONG TOWEL 160CMX60CM

SKU: MFC-160-60B

## WASH MITT & MICRO FIBRE CLOTH

**MICRO FIBRE CLOTH  
33CMX65CM (BLUE)**

**MICRO FIBRE CLOTH  
33CMX65CM (BROWN)**

**MICRO FIBRE CLOTH  
33CMX65CM (PINK)**

**MICRO FIBRE CLOTH  
33CMX65CM (GREEN)**

SKU: MFC-33-65 / MFC-33-65R /  
MFC-33-65BR / MFC-33-65GR

**FIBRE EDGELESS CLOTH  
40CMX40CM (BLUE) /**

**MICRO FIBRE EDGELESS CLOTH  
40CMX40CM (YELLOW)**

SKU: MFC-4040LG-EB / MFC-4040LG-E

**EDGELESS COATING  
CLOTH 38CMX38CM**

SKU: CC-3838

**DOUBLE SIDE CLOTH  
30CMX40CM**

SKU: MDC-3040

## OTHER ACCESSORIES

### TRIGGER SPRAYER BOTTLE 750ML / 1000ML

SKU: TSB-750ML (BLACK) /  
TSY-750ML (YELLOW)

### TRIGGER SPRAYER BOTTLE 1000ML

SKU: TSB-1000ML

### SOFT BRISTLE BRUSH 5PCS

SKU: SBB-SET

### HARD BRISTLE BRUSH (YELLOW BLUE)

SKU: HBB-1

### WHEEL DETAIL BRUSH

SKU: WDB-01

### DETAILING STOOL

SKU: DS

## OTHER ACCESSORIES

### GRIT GUARD & SAND GUARD - 2 BUCKET WASH SYSTEM COMBO

SKU: {GCB + SGB}

#### GRIT GUARD SINGLE BUCKET

SKU: GM-GGN

#### SAND GUARD SINGLE BUCKET

SKU: GM-GGS

### METAL POLISHER HOLDER

SKU: PH002
